## ST. PAUL'S CHURCH

As you may have heard churches are now able to open for private prayer. We have to carry out a risk assessment and put various measures in place before we can open. We therefore plan to open each Thursday from 10.30 -12.00 from July 2<sup>nd</sup>.

Anyone who needs a quiet place for prayer, reflection or just to escape from the restrictions of everyday life, is welcome into church at that time. It will, of course, be necessary to follow the usual rules on hygiene and social distancing.

## CHACEWATER RIGHTS OF WAY (CRoW) WALKING GROUP

Many enquiries have been made as to when the next, first Sunday of the month, CRoW walk might be? Well, we can only follow government guidance which *currently* prevents us from getting together in the volumes previously afforded pre lockdown. However, things do have a tendency to change and swiftly it seems! So, the plan is that someone will be in position at the Square Car Park on Sunday 5<sup>th</sup> July and again on Sunday 2<sup>nd</sup> August (at 0930) just in case the rules are relaxed sufficiently to enable a few to walk at an advised distance.

We are very conscious that the CRoW has become an integral part of some lives, primarily because it offers a high quality of social interaction, allows us to appreciate our lovely green and open spaces in a healthy way and therefore is good for our mental wellbeing. Rest assured we will get it back on as soon as we are advised it is safe to so. In order to whet the appetite, the first CRoW walk will be new and so hopefully very stimulating! In the meantime, keep walking independently as part of your daily lives, there is much to discover out there!

# ILLEGAL USE OF PUBLIC RIGHTS OF WAY (PRoW)/TRAILS BY MOTORISED VEHICLES

## Use Of Cornwall Council's On Line 'Report It' System

As trailed in previous articles, Chacewater Parish Council has been at the forefront of trying to address problems created by *a few thoughtless individuals* who illegally use motorised vehicles (2 and 4 wheeled) on our Footpaths, Bridleways, Restricted Byways and Heritage Trails. Not only do these *few individuals* do enormous harm to the countryside, disturb legal users and upset rural householders, they are often - unwittingly – doing harm to themselves because of the sort of surface erosion this sort of activity does cause in some of our old industrial mining sites.

Devon & Cornwall Police have now conducted two separate operations as a means of educating and hopefully preventing such activity as we move forward. However, they need our help to target such sites and we have worked with other Parishes, the Police and Cornwall Council to introduce a data logging facility on the Cornwall Council's own on line 'Report It' system, the link to which is:  
<https://www.cornwall.gov.uk/report-it/>.

This part of the 'Report It' facility (to be found either under Environment or Roads and Parking) should be live by the P.T.O.

time you read this article and basically asks the reporter to provide the following detail:

- Date, Time and Location of the illegal activity
- The Number of individuals involved
- The Type(s) of vehicles involved
- What was actually happening

All you do then is press **Submit**

No personal details will be required because this is basically a data collation tool to help the Police identify targeted 'hot spots' where they might run their next Operation and by so doing make best use of their scarce resources.

*So, the message is, use Cornwall Council's on line 'Report It' system to help us all to use our public green and open spaces in the way they are intended.*

Whatever your  
funeral needs we  
are here for you.

We understand that bereavement is a difficult time for any family and with this in mind we are available 24 hours a day, to offer our full and dedicated professional service.

If you're looking to plan a funeral at the moment then you've probably got a lot of questions running through your mind. We are here to answer them, call us on Truro (01872) 274021.

## NEWS FROM ST. PAUL'S CHURCH

As you can see from the photographs, plenty has been happening in the old graveyard while the church has been closed for the lockdown. All of the undergrowth which has matured over many decades has been cut down and removed. This has exposed a vast number of gravestones unseen for years and, although some are leaning or fallen, their inscriptions can be read and tell numerous stories of the past.

The work has been carried out by J. and D. Croot who have worked tirelessly over the last few weeks to achieve such a difference. The work has been funded by a donation left to St. Paul's by the late Louise Webber who wished for the graveyard to be cleared. This is an ongoing project which will take more time and hard work to complete but it is well worth a visit especially if you have relatives buried there.

P.T.O.

We are hoping to open St. Paul's for private prayer beginning on Thursday 2<sup>nd</sup>. July from 10.30am till 12 noon and this will continue until further government guidance.

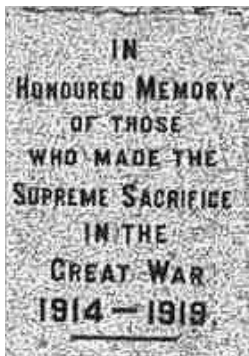

Best wishes,

M. Lister.

## IN MEMORIAM

Some 30 men of Chacewater lost their lives while serving in the armed forces during the First World War. Their graves lie in Africa, in Asia and across Europe. Many joined up locally or elsewhere in England. Others came back from Australia, from South Africa or North America.

## IN MEMORIAM

Pte. Herbert Stanley **BEHENNA** - Devonshire Regt. (2<sup>nd</sup> Bn.)  
Died 31 July 1917

In 1896 Herbert Stanley BEHENNA was born in Creegbrawse, where his forebears had lived and toiled for many generations in nearby mine-workings. His great-grandfather, William, was a copper miner. His grandfather, Thomas Behenna, started mine work at the age of 11; as did his father, also Thomas, who was born at Wheal Henry in 1867.

Herbert was the eldest surviving child of Eliza Reed Behenna and her husband Thomas, then a mine captain. Shortly after Herbert's 1st birthday, in March 1897 his father's younger brother Frederick died in Arizona, U.S.A. By the time he was 5 years old, Herbert had a younger sister, Hilda Mary, and two brothers. His first brother (born 1899) was named Frederick John Behenna. Young Thomas Sidney was born early in 1901. The family lived on Cox Hill and prospered.

Herbert Stanley continued to study as teenager but, aged 18, he was among thousands who volunteered to fight during the weeks after war was declared in August 1914. He joined the regular army Devonshire Regiment and underwent training in the U.K. throughout 1915. Partial military records show Pte. H.S. Behenna (27615) served with the Devonshires 1st Battalion and later he was posted to the 2nd Battalion. Both units had lost hundreds of men in actions on the Western Front.

P.T.O.

Herbert Behenna went to France in 1916 with replacement troops. After months in the trenches at Ypres, the 1st Bn. regrouped at Arras and moved to hold the line on the Somme in August and September. Later, the 1st Bn. returned to Arras and again suffered heavy losses in assaults along the Vimy ridge during Spring 1917.

Meanwhile, the 2nd Bn. Devonshires were badly mauled near Albert on 1st July 1916. The unit was rebuilt and fought in the final battles of the Somme in October/November. They tracked the German retreat in March 1917 and then moved north to prepare for the next offensive at Ypres. This began, the third battle of Ypres, on 31st July 1917. Pte. Herbert Stanley Behenna was with the 2nd Bn. Devonshire Regt. when they attacked Pilkem ridge in the early morning. 21 year-old Herbert was lost with hundreds of his fellow soldiers on that day.

The 2nd Bn. stayed in the battle until they reached Passchendaele village 4 months later. On 1st Sept. the army reported Pte. H. S. Behenna 27615 "Wounded"; then "Wounded and Missing" on 4th Oct. Finally, on 22nd Dec. he was reported "Died of Wounds". In fact, Herbert Stanley was never identified and he has no known grave. His name is commemorated on the Menin Gate at Ypres and on the Chacewater War Memorial.

After the war, Herbert's parents received a bronze "death plaque" in recognition of his sacrifice\*. His sister, Hilda Mary, married Arthur Douce and his brother Frederick John formed a trading partnership with Mr Douce and ran an agricultural business on Cox Hill for 40 years. Hilda's son, Thomas Henry Douce established the successful local firm of T.H. Douce & Sons.

# A MESSAGE FROM PASTOR ADRIAN - FRUITS OF THE SPIRIT.

## Part 8. Self Control

Welcome to the last part, entitled 'Self-control' in my series of eight reflections on Galatians 5 verses 22- 23 called *The Fruits of the Spirit*. This character trait is something I wish I had more of and I try my best to teach myself a little more self-control. Usually, when provoked, I try counting from 1 to 10 slowly before I open my mouth saying something or doing something I may regret. Recently though, during lock-down we have all had to learn many new skills such as; safe 2m distancing, queuing outside shops by the black and yellow tape and some have even become teachers to home-school their children! Coping with all of this recent difficulty during this dreadful virus pandemic takes great self-control, patience and discipline because sometimes it may feel like the whole world is against us, testing and tempting us to make careless or incorrect life decisions.

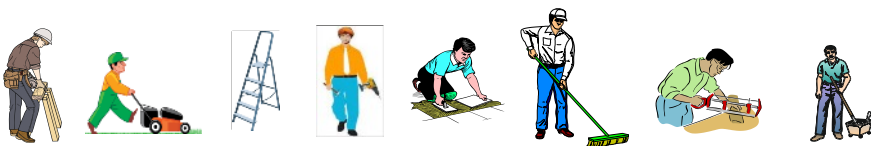

Jesus spent forty days alone in the wilderness and despite the devious worldly temptations set before him he exhibited perfect self-control. Matt 4:1-11. Jesus kept close to his heart the word of God, 'the Scriptures;' quoting verses confidently to keep control and triumph over three major temptations and stay purely focused upon God. We can do the same because when we are full of God's word we are secure in our identity and this helps us to recognise lies when we hear them.

Regularly reading God's word found in the bible means we just can't help over-flowing with the love of God to those around us, building them up and encouraging them too. With God's word in our hearts we cannot help being changed from the inside out. The more we see the parts of our lives we need to change (such as increased self-control) the more we understand what is needed in order that we may become more like Jesus. So, pick up a bible and read yourself not just some self-control but some of each of our *fruits of the Spirit*; love, joy, peace, patience, kindness, goodness and gentleness.

I have really enjoyed writing this series on '*fruits of the spirit*,' I hope you have enjoyed reading them too and in the next issue we will move on to a new series on the Parables of Jesus. If there is anything troubling you or causing you difficulty please pick up the phone and talk to us - you will find our numbers in the back of this magazine. Until we meet again, may I take this opportunity, along with everyone at the Three Valley Methodist Churches, to wish you and your family every blessing and may the Peace of God be with you now and always.

## **LOCAL GOVERNMENT NEWS**

Dear Reader

As the lockdown restrictions are being gradually lifted, for some readers it is too slowly, and others are concerned that the restrictions are being lifted too quickly and are fearful about a second outbreak. As a county we have not seen the number of cases that other parts of our country have experienced, but every death, illness, is part of someone's family. We must all continue to be very vigilant, and whilst Central Government are making difficult decisions balancing health issues around economic ones – they are walking, in my opinion, an exceedingly difficult path.

Cornwall Council work continues although I seldom leave home, because all meetings are being conducted by electronic methods and I have become conversant with Zoom, Skype and Teams, just need to make sure I am on the right method for the right meeting!

This week as I write, Cornwall Council held a Virtual Planning Committee Meeting for our area, what is named as the Central Area

Planning Committee, but on this occasion there were no applications considered for Chacewater but we did consider two, one in Perranporth and one in Falmouth.

One of the most impressive things about Chacewater is the way everyone "pulls together" when the situation gets tough. At this point my sincere congratulations and thanks to the twenty active volunteers whose aim is to help the vulnerable (elderly or infirmed) in partnership with St Paul's Church, the School, The Parish Council and others all coordinated by the Parish Clerk, Mrs Chrissi Martin. If anyone needs any support or help, please phone her on 01872 561287 or mobile 07425056577, and you will find her most helpful.

We are also incredibly grateful to the congregation of St Paul's Church for a most generous donation which they have asked to be used to support children and needy families from Chacewater School which is tremendous help in times of need for many families. This is a fine example of the Church and its people reaching out into the community and everyone "pulling together" in the village of Chacewater.

The Parish Council is also in active negotiations with Tregothnan Estate over some land adjoining Church Hill, which they are hoping will help the community in a variety of ways, more about this as the negotiations progress.

As usual if you think that I can be of any help please do not hesitate to get in touch. In the meantime please continue to stay alert and keep yourselves safe.

Yours with kind regards

## CHACEWATER VILLAGE in BLOOM (ViB)

Hello All,

Hope you are all well during these strange times. Like everything else, ViB has been affected by lockdown, but those of us who can have been doing some works around the village.

Work on the Car Park bank (Church Hill bank) continues. We have planted a "Rose of Sharon" bush which is currently sporting lovely yellow flowers. Joining it is a purple Heuchera plant. Also, you may notice a Rosemary bush which looks like it's having a nap! We rescued it from another plot where it was hidden under bushes. We are hoping it will soon perk up in its new home.

We have added some foxgloves, cranesbill geraniums and ox-eye daisies which will give a nice display next spring/summer. Also, some essential tidying of overhanging tree branches has been done. Removing brambles from the bank and wall is ongoing and it's already making a difference.

The toilet block also has a new addition, a set of 3 planters, made from recycled decking planks. Thanks to teenagers Ben, Jake and Jimmy who helped get them there. They are planted with geraniums, petunias, and aubretia.

Richard Northey is back and has done a lovely job weeding High St/Fore Street. The lampposts planters and the trolleys at each end of the village have had new plantings to complement the perennial plants. Thank you to all who have made such lovely and encouraging comments.

Village in Bloom is for all of us, so you can always get involved in planting, making suggestions, weeding or de-brambling! Do let us know; community involvement is key and we really need your help! Remember it's all about making Chacewater a prettier place for us all to live in. So, don't be shy in getting involved, no contribution of time is too little!

Look after yourselves.

## SISTERS IN STITCHES

Hopefully, soon, Sisters in Stitches can all get together again on the last Monday of each month. Since lockdown the increase in crafting has been amazing countrywide.

Members of our group are interested in knitting, embroidery, crochet, card making, toy making, patchwork and quilting. These photos show some of the things we do. When lockdown eases why not come along and join us at 2.00.pm at 3 Estrella Place, The Terrace, Chacewater, and have a coffee/tea and a chat. Maybe you could show us new techniques.

If you need more information please ring me on 01872 560517.

Thank you,

# VILLAGE PONDWATCH

June 2020

Recent heavy rainfall re-filled the pond to its winter level. Mats of water star-wort now lie 10 cm below the surface where pondskaters spread their legs. Whirligig beetles and water boatmen move in squadrons across the open water while two palmate newts drift above the weed. One displays paddle feet as it moves away and the other burrows into a hole in the weed mass. A diving beetle the size of a coffee bean wobbles through the water. She rests briefly to breathe at the surface then continues her journey across the green mat.

Around the pond, yellow flag iris plants stand tall and slender spearworts show yellow flowers at the water's edge. Sparrows scour the hedgerow for insects and keep checking stalks emerging from the pond. When long days of sunshine in May and early June made the pond shrink, many more birds came to drink. A large crow often stands on a lily-pad island to find food and water.

In the warmer water great diving beetle larvae hang with breathing tails at the surface before they swim back to the bottom. A water stick insect swims at the fringe of a weed bank and ducks under cover. Another one wades in the silt and swims swiftly into a forest of stalks. Last year's juvenile grass snake has grown now to more than 1 metre long. She swims through the floating leaves in early evenings, patrolling the pond from end to end.

Winged hunters fill the heated air. A broad bodied chaser dragonfly darts up 4 metres into the tree canopy, descends to make a rapid circuit of the pond and comes to rest on a reed stem. The dragonfly dodges a sparrow that tries to ambush him. A pair of speckled wood butterflies spiral into the trees and then fly across the pond where a red tailed bumble bee cruises among the plants.

Back in the water, newts rise frequently and drift in the sunshine. A frog croaks in a far corner.

Paul Shevlin
